Dear Author,

We have reached a decision for your paper. Please find below the details.

Authors: Anila Sahar Butt, Peter Fitch

Title: WePROV: An Ontology for workflow evolution provenance analytics

Submission Type: 'Regular Paper'

URL: [Click here to follow the link](#)

Tracking number: 1032-2012

Assigned editor: Cogan Shimizu (cog-academics@coganshimizu.com)

Decision Letter: Thank you for your submission to Applied Ontology.

We inform you that your paper has been conditionally accepted, pending major revisions. Please carefully take into account the enclosed comments by the reviewers when preparing the revised version. It is incumbent upon you to do so.

In particular, each reviewer mentions that the paper should be better situated in the current state of the art. How does this work significantly differ, and why were certain resources chosen, etc.?

Please provide punctual responses to the issues raised by the reviewers and prepare a separate text file containing such responses. The revised version of the paper is expected within 20 days.

Please visit [Click here to follow the link](#) to see the reviews of the paper. To submit a new version of the paper, submit a new paper to the journal website and mention the tracking number of this paper.
